PROJECTS

Shoppery — Simple and Economical Billing and Invoicing Software for Small Businesses ➤

Shoppery helps small businesses to bill and make invoices 3x faster by leveraging the existing traditional system of retail billing, but without having to invest much in hardware. The items are scanned using the camera of one's already owned smartphone, the calculation and list generation is done in-app, and all one needs to print a physical invoice is a thermal printer that can connect to any smartphone wired or wirelessly.
